Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

This is in response to the Office Action mailed January 11, 2007, for which a response is due on February 11, 2007.

Restriction

Restriction was required as follows:

- I. Claims 1-12 and 46-47, drawn to a system controlling a gas turbine engine, classified in class 701, subclass 100.
- II. Claims 13-45, drawn to a system and method for communicating with a deployed product, classified in class 709, subclass 219.

Applicants elect Group I with traverse. Traverse is on the grounds that examination of all the claims would not present an undue burden. Although separately classified, the search classes of the two groups are expected to largely, if not completely, overlap. Accordingly, if the restriction requirement is withdrawn, claims 1-47 will be examined. If not withdrawn, claims 1-12 and 46-47 will be examined.

Ser. No. 10/767,601

Accordingly, Applicants submit that claims 1-47 are in condition for allowance. Please charge any fees or deficiency or credit any overpayment to our Deposit Account of record.

Respectfully submitted,

By 

Ross J. Christie
